Graduation Exercises Begun In Chapel May 10 For Fifty-Four Seniors

REVEREND HEITMEYER ADDRESSES THE GRADUATING CLASS; CHOIR SINGS

Cap and Gown Day, the beginning of commencement activities, was celebrated at the College last Wednesday, May 10, when fifty-four Seniors, candidates for the degree at the June commencement, donned the somber apparel of cap and gown in recognition of the day.

At the chapel exercises, which were dedicated to the graduating class, the cap and gown clad Seniors staged a formal parade. Lyman Bringgold, president of the class, opened the chapel program with an explanation of the significance of the day and a short history of his class, declaring that the graduating students, having entered the college as Freshmen as a time of relatively sound business condition, having observed the economic chaos of the past few years, and having seen economic conditions begin to improve in their Senior year, thus being able to see the sun shine again, would as teachers be the more able to solve the social problems arising from the financial crisis.

The Reverend Mr. Heitmeyer, pastor of the First Baptist Church in Fargo, chapel speaker of the occasion, addressed himself to the Senior class in stating that all wealth and success is measured in terms of personality, the individual and his personality being the only permanent realities of the world. To unite all the complexities of his personality into one strong character, according to the speaker, the individual must know himself, be himself, govern himself, drive himself, improve himself, and, at the end of life, be content to lose himself.

In the evening the graduating seniors were guests of the faculty at a dinner in Comstock Hall. Mrs. S. G. Bridges played a piano selection, and Roseltha Nesheim, accompanied by Mrs. H. J. Locke, played a violin solo between courses.

Two Concerts Will Be Given By Dragon Band

ORCHESTRA PLANS CONCERT AT EAST GRAND FORKS ON MAY 19

The Dragon Band, under the direction of Mr. Uggem, will bring the season to a close next Tuesday when they will journey to Breckenridge by Greyhound bus to give an afternoon concert there and a concert at Wahpeton in the evening.

The program will be the same as the Art's Festival Concert with the exception of Herbert's "Red Mill" being substituted for Andante movement of the Fifth Symphony by Beethoven. Lila Harstad, clarinetist, and Reynold Christensen, cornetist, will be solo performers.

Friday, May 19, the Orchestra travels to East Grand Forks, where it will play the same concert given before the College Chapel Friday morning, and later at Detroit Lakes.

Orchestra at Detroit Lakes

Playing to a small but very appreciative audience in Detroit High School Auditorium, the College Orchestra under Mr. Preston's direction made its initial off-campus appearance Friday May 5. The orchestra accompanied "The Peasant Contata" sung by the East Grand Forks High School mixed chorus directed by Robert Walls and Oscar Thompson. The same performance was given before the College Chapel Friday morning.

ANNOUNCEMENT !!!

No tickets can be secured for the Sophomore Ball after Friday at 5:00 P. M. Those who wish to receive them later may do so by making reservations with Lillian Kankel. George Collings and his eight piece orchestra will furnish the music.

Dr. Locke Receives University Position

WILL LEAVE FOR UNIVERSITY OF CHICAGO AT END OF SUMMER

Word was given out Wednesday that Dr. H. J. Locke, instructor of sociology and Dean of Men in the College for the last four years, has been chosen by the University of Chicago to do special research work in the department of sociology under Dr. Ellsworth Faris, chairman of the department, for a two-year period.

Dr. and Mrs. Locke will leave Moorhead in the late summer to take up their residence in Chicago. There will be two vacancies in the faculty because of their going, since Mrs. Evelyn Saxton Locke has been instructor in piano in the College also since 1930.

Dr. Locke holds a bachelor's degree from Linfield college, the bachelor of divinity from Rochester Theological seminary, and was granted his Ph. D. from Chicago University in 1929. Since then he has taken work at the University of Southern California during the summer of 1931.

Mrs. Locke received her bachelor's degree in music from Northwestern University, studying under Carl Beecher. She studied at the Eastman School of Music at Rochester, N. Y., under Abel Deaux, and at Southern California under Dr. Skeele. She is an honorary member of the Pi Mu Phi sorority, a member of the Moorhead and Fargo music clubs, and of the Moorhead Women's club.

Dr. Locke has been quite active in community as well as College affairs.

Physical Education Demonstration To Be Staged In Gymnasium

PROGRAM BEGINS THURSDAY AFTERNOON; DR. MOOS TO GIVE LECTURE

Culminating a year of intensive activity, the Physical Education Department of the College will present more than six hundred students in a gala review and demonstration on Thursday, May 18, in the gymnasium and swimming pool. Exhibition, demonstration and lecture work, all relative to the physical education program, will feature the "Dragon (ette) Review".

The program of events will open at 2:30 p. m. with a lecture in the gymnasium on "Preventative Dental Diseases and the Care of the Teeth" by Dr. L. P. Moos, local physician. This will be followed at 3:15 by a second lecture on "Preventative Medicine", by a speaker not yet named. About the gymnasium will be displayed health slogans, charts and drawings made by the Hygiene and Sanitation classes. Beginning at 4:00 p. m. swimming events will continue until 6:00, these being in the nature of stunts, races, and novelty acts. All of the events of the afternoon are free of charge, and an invitation to attend is extended to the public.

The demonstration pageant by the men's and women's physical education classes will open in the gymnasium at 8:00 p. m. with an admission charge of fifteen cents. As the fete opens, the President of the Student Commission, Dorothy Hoel, escorted by the Dragon color guard, and followed by a huge Dragon will enter and proceed to the East end of the floor to occupy the reviewing stand there constructed. The ensuing events will be put on by more than 500 Freshmen, Sophomores and members of advanced physical education classes. In general they will consist of dancing, tumbling, apparatus work, calisthenics, marching, archery, pep stunts and mass drills.

General arrangements are under the direction of Miss Frick's Schools Festivals Class, and Physical Education Technique Class, while directing the different events will be the members of the physical education department faculty: Miss Frick, Miss McKellar, Mr. Gilpin, and Mr. Nemzek.

Appropriations Made To Enlarge Campus

SUM OF \$23,939 WILL BE EXPENDED TO COMPLETE CAMPUS LANDSCAPING

Among the laws enacted by the last Minnesota Legislature, the following statement was found: "There is hereby appropriated out of the balance remaining in the building fund of the Moorhead State Teachers College at Moorhead, the sum of \$23,939, to be used for the purchase of additional lands to enlarge the site of the Teachers College, said sum to be available for fiscal year ending June 30, 1933."

Now that the money needed in order to enlarge the campus has been obtained, the five houses which were purchased by the Alumni immediately after the big fire to be used as emergency classrooms for the Training School until the new buildings were ready for use, and which have been rented out as private dwellings since the completion of the new buildings, will be moved to the circular driveway, which has been awaiting the moving of the houses to be completed. The driveway will meet Seventh Avenue opposite the right end of the drive way, and the area will be landscaped to match the rest of the campus.

Governor Olson Asked To Address Graduates; Definite Word Awaited

REV. SCHOITZ OF MOORHEAD IN CHARGE OF BACCALAUREATE SERVICE

Strong probabilities that Governor Olson will deliver the Commencement address when 54 Seniors receive their degrees this spring, have been expressed by Miss Leonard, chairman of the faculty committee in charge of commencement festivities. It is especially appropriate that the Governor appear at this occasion, since it was he who was largely responsible for the appropriations for rebuilding and enlarging the College buildings after the memorable fire. The College is hopefully anticipating definite acceptance by the Governor.

Commencement week will be formally begun with Baccalaureate Services on Sunday with the Rev. Shoit of Trinity Lutheran Church, Moorhead, delivering the address.

"Swing Out" Dark Secret

Plans for "Swing Out Day," Monday of Commencement week, are being kept secret by the Junior class, sponsors of the event. However, it is known that an alumni dinner will be a feature of the evening's program. The alumni dance will also be held after the dinner.

As commencement week approaches, former graduates of the college, notably those who completed the course last summer, fall, or winter, are evincing great interest in the proceedings, letters being received almost daily saying that these people expect to be here for commencement exercises. Seating plans for the event are being made, and it is expected that the programs will soon be printed and distributed so that the graduates may send them out in advance as they desire.

Cap and Gown Day, having already been observed, the Commencement festivities, including the Senior Prom, will culminate with the granting of degrees on Tuesday, June 5.

Five One-Act Plays Will Be Presented By Play Production Class

G. FLOM, D. MCCOY, R. BEST AND R. SALVORSON DIRECT COMIC SKITS

Three one-act plays will be presented at an evening performance in Weld Hall Monday, May 15 at 7:45 o'clock. The plays are directed by Gladys Flom, Dan McCoy, and Denia Paine, students of the Play Production class. Two more plays will be given next Friday at assembly.

"The Managers" by J. T. Lincoln, directed by Miss Flom, is a comedy of Cape Cod. The story is of two squabbling New England sea captains who are trying to manage the love affairs of their niece, and is especially appealing and characteristic of New England life. The part of the old fishing skippers is taken by Dan McCoy and Edward Eastman; Miss Berenice Cox takes the part of the lovable niece, who has all her love affairs planned for her.

Blue Serge Suit Is Second

The play, "His Blue Serge Suit," a farce which concerns the troubles of a young married couple, was written by B. M. D. Richey and is being directed by Dan McCoy. Nancy Codres, a flighty young matron, succeeds in finally locating a blue serge suit belonging to her husband, Howard Cordes, after several humorous scenes in which the iceman, the trashman, the janitor, and Nancy's brother are called in to aid in the search. Those taking part are: Howard Cordes, Al Cocking; Nancy Cordes, Berenice Cox; the Iceman, Bob Jeffries; the Trashman, Vincent Schneider; the Janitor, Oliver Asp; and Lennox, brother to Nancy, will be taken by Edward Eastman.

"Pearls" by Trotheroh, directed by Denia Paine, is a comedy of errors of a typical American family. The action of the play centers about the worrying of Polly and Peggy, played by Signe Olson and Lillian Kankel, about their brother Ted, this part being played

FRESHMAN PLATFORM

- 1.—Just as good a Freshman Class next year as this year, probably better.
 - 2.—Uphold MiSTiC traditions and put out a good paper on time.
 - 3.—Make this paper a model for future Freshman editions.
 - 4.—Better recognition of Freshman talents and abilities.
- Note—In anticipation of what the regular staff will do to tear down our paper, we are making this platform on a higher level than usual in order to tax their ability as satirical writers.

THE MELTING POT

What do you MiSTiC readers expect from our Freshman edition? We hope you expect much for we are doing our best to make this paper truly representative of the Freshman spirit, which we believe is the spirit of M. S. T. C. Please pass over our mistakes, for we realize that we are not first-class journalists. We are truly grateful for this opportunity of expressing our ideas, and if we can make you see our College as we see it, we are sure you will overlook our "greenness" and lack of experience. We make no apologies for we are doing what we can and are enjoying it.

Last fall we came here as high school graduates seeking entrance at M. S. T. C. Besides the desire for an education, the beautiful new buildings and—we must confess it—the low price for teacher training were the big reasons for our coming, but as the school year progressed we gradually found something bigger and finer, something which stands out above everything else—a glowing school spirit. We have had high school spirit, deep and strong, but a greater college spirit has been molded from the school spirit of many high schools. Now we can forget our differences when we think of M. S. T. C. Our outlook on life is broader and reaches farther.

We have great pride in our Freshman class, not in a boastful way, but in a truly sincere manner, for we believe that we have added something to our school spirit along scholastic, athletic, social, and moral lines, and if you upperclassmen will accept us as true "Dragons", filled with the true progressive spirit of M. S. T. C., we assure you that we will not "let you down". Our supply of knowledge may not be overly great but we have energy and ambition to spare. We will give our best for we have faith in M. S. T. C., both in what she is and what she will be.

—V. S.

A RHAPSODY IN GREEN

Yes, most Freshmen are green—but weren't you all? We have already noticed the different shades of green this Spring. Fortunately, all Freshman are not the "same shade".

The very "lightest green" is that of the young scholar who doesn't realize how much he has to learn. He's half alive; in fact, we wonder why he's here at all!

In a slight variation of tone we find the student who thinks the "sun rises and sets" on himself—the "cocky" type. His biggest worry is that the student body doesn't appreciate him enough!

The ideal Freshman (the "deepest tint") knows that the reason he has come to College is to learn and improve himself. He is enthusiastic and eager to do the best he can. The ideal Freshman is very much alive, and yet is not so sure that he is the only one who knows his abilities.

—M. L.

IS DEATH INEVITABLE?

Are we destined to a physical death? Not at all! There is no authentic authority that mortal man can call up to prove that he is certain to die a physical death. The only bit of factual material that he can garner is the fact that humans to date have done so, and by this analogy he ambiguously prophecies and enunciates that he and his fellow humans of the present hour have also been appointed once to die. Truly it is said that the wages of sin is death, because men who have lived long were firm, staid, sober, religious men. Therefore, by following the regulative laws of the Christian religion, which are bolstered by scientific data, humans can live forever. We, therefore, should not be content to die or to let our fellow humans die. Death is but a human weakness that can be eliminated by adherence to Christian ideals and scientific regulations. Therefore, correct your ideas on the matter and do not persist in error. Death can be escaped!

—J. C.

Ravings

The first year inmates of the Moorhead Asylum for Prospective Pedagogues present with this issue—the Freshman MiSTiC. Unaccustomed as we are to talking about ourselves, we welcome this opportunity so graciously offered us by our noble and illustrious peers, the Upper Classmen. The truth of the matter is the editors were too busy this week dating Freshman belles to bother working this week, so we greenhorns are being hazed into doing their job.

Too often the importance of the Freshman class is neglected by our betters. Youth is the life of any organization—Freshmen are the youth of college. Without us there would be no Sophomores next year, no Juniors the year after, and no graduates in '36. Without us there would be no Freshman dances and no butt for the jokes of Upperclassmen. Yea, without us there would be less jobs for you Almighty profs. Truly we are important.

In this season the Seniors are usually honored. However, so are the Freshmen. Mother Nature's children all garb themselves in our class color—green. Upper classmen relinquish their control of the MiSTiC to us. In a few more weeks we shall be able to throw off our camouflage of dumbness and assume the nonchalance, the conceit Fear not, O Noble Sophs; next Fall we shall capably fill your shoes. We shall rush the best looking of the on-coming Freshman class. We shall move to the lower floor of the chapel and assume your wise attitudes when the speaker tells us about Einstein's theory. We shall fill those places left vacant by graduating seniors on the debate squads and other organizations. Fear not, you Upperclassmen, the present Freshmen are coming into their own.

—B. S.

WHAT? NO "STEP WEEK"?

Now I ask, "What, no Step Week?" Those of authority answer, "Yes, we'll have no 'Step Week'." Am I down hearted? Am I down hearted? Ask me! Am I down hearted? My purse isn't on a diet, but reducing is its pastime. As a stimulant, a tonic, I have looked forward to "Step Week", but alas, there'll be no "Step Week." I thought the depression was over. "But what care I, tho' death (for my little purse) be nigh, I'll live for love or die." But seriously, I'm broke. In fact, to be frank (spell that with a capital "F" if you like) I'm as broke as the Ten Commandments. I've spent three weeks petitioning for a bread line to be started here at the College. But putting all foolishness aside (you can stay tho' Davey D). I think a "Step Week" would be appropriate for those bashful maidens that survived last leap year. Are we to disregard the traditions, mores, and customs of our College, (Sincere apologies to Dr. Locke) just to satisfy a few "steadies"? Boys! Respond to the cry of your pocketbooks! Girls! Obey that primitive instinct! Suffer the pangs of sorrow and envy like a man, or, be like the Canadian Mounties. If you don't think a "Step Week" would be fun, ask the people that "took in" last year's. There is no need for prejudice or ill feeling towards such an event. Let's be broad minded and finish our social year so it too can be called broad. The seniors and Juniors demand "it." The Sophomores cry for "it." And we Freshmen make a mute appeal that we have "it." Demand a "Step Week"! It's just a matter of getting together! —"Fink".

A TIMELY SUGGESTION

After the landscaping of the Campus has been completed, one thing more will be needed to give it a finished appearance; that is a beautiful gateway, which will attract the attention of all visitors, and which will give the Campus a more sedate and dignified appearance.

It seems to me that if it would be possible to get the student organizations to cooperate and work as one unit, the gateway would become a real thing instead of a vision as it is at the present in the minds of a few people who have been building a beautiful school in their moments of day-dreaming. Let's change those visions into real images.

This should surprise you! Julian Bjerkness claims: "It was an honor to be a Freshman, but it's unmannerly to be a fresh woman". Julian—Is your face red?

Bird is still wondering why his (friends)? call him "Butcher". Maybe it's because the butcher also hands out Bul-loney.

Jean Lang and Ethel E. have suddenly gone Concordia Crazy. Can it be Spring? We wonder.

Dorothy Hoel has forsaken her ballet dancing to play for Joe on his program. It seems as though only one can dance at a time.

The Seniors certainly are worried at this time of the year about getting positions, which reminds us that we will also in about four or five more years.

They tell this story about Kurtz: When he was paying his tuition last quarter he brought up to the registrar a sock filled with his hoarded cash. When it was counted out, however, it was only \$11.50. Whereupon Kurtz exclaimed: "Holy Smoke! I brought the wrong sock!"

It is claimed that by next year there will be one more record to dance by during Social Hour. (How about some new needles also).

With the reading of this issue some upper classmen will probably break down and cry, remembering their own efforts.

If Red Monson comes up and shakes your hand, it is only because he is practicing for the Sophomore Brawl tonight.
